ABOUT US

CONTENTS

Quality education is a key to success. This is found at Caledon English Medium School.

Caledon English Medium School is a day and boarding multi-racial independent school situated in Botha-Bothe at Pholonomane, Habelo, Licafing. It provides pre-school and primary education in one campus. It will also provide secondary and high school in future. Our emphasis is on equipping our learners with the skills, which will enable them to make their place in society as well, adjusted, creative and productive adults. As stipulated by the national education curricula, our learners are encouraged to solve problems, exercise choice, take decisions and express their own point of view in order to prepare them for life in a rapidly changing world. In our special international enrichments program, we believe in developing individual potential and fostering a positive self-esteem. Furthermore, it is our aim to cultivate in our youth and children a love and respect towards God, our fellow man, our country and themselves. We finally believe that if learners have sound principles as their anchor, they will have potential to reach for the star.
